Mortice operates under two brands:

- **Peregrine** – provision of guarding and security services to a wide range of clients from blue-chip companies, smaller businesses, commercial and private properties, and individuals.
- **Tenon** – provision of a full range of facilities management services to corporate occupiers, owners and developers of real estate. Clients include some of the world's most respected blue chip and home-grown companies. Within the Tenon group of companies Mortice also offers security surveillance services through its subsidiary Soteria and mechanical and engineering services via Rotopower

The business is growing and profitable and is focused on expanding its geographical footprint and growing through targeted acquisitions, as well as organically.

In 2015 the Company established Tenon UK and through this wholly owned subsidiary acquired UK based Office & General Group Limited, an independent property service company specialising in cleaning and providing support services such as environmental solutions and built fabric maintenance in the UK. In addition, the Company acquired a 51% majority stake in Singapore-based security company Frontline Security Pte. Ltd, and has an option to acquire an additional 25% within three years.
